It is distributed to such who are interested in the work of enforcing the Dairy and Food Laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities.

Special attention is invited to the fact that all such licenses expire December 31, 1903, and must be promptly renewed to avoid possible legal complications.

It is distributed to such who are interested in the work of enforcing the Dairy and Food Laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities.

Special attention is invited to the fact that all such licenses expire December 31, 1903, and must be promptly renewed to avoid possible legal complications.

EXPLANATORY.

Philadelphia, November 11, 1903.

Hon. B. H. Warren, Commissioner:

Dear Sir: Referring to the fine recently imposed upon us for selling lard, which upon investigation by your Department was found to be impure, we would state that the lard from which the can was procured, and analyzed by you, was purchased by us from The Penna. Packing and Provision Co., 30th and Race Sts., Phila., Pa., under a written guarantee, of which the following is a copy:

"Philadelphia, Aug. 15th, 1903.

"Messrs. Thompson, Taylor & Co., Philadelphia:

"Gentlemen: We hereby guarantee all lard made by us to be strictly pure, and to conform to the Pure Food Laws of the State.

"Yours truly,

"The Penna. Packing & Prov. Co.,

"C. E. H. BRELSFORD."

We have always used every effort to comply in all respects with the requirements of the Pure Food Laws, and regret that in this instance we were misled.

Yours very truly,

THOMPSON, TAYLOR & CO.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the Dairy and Food Laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities.

Special attention is invited to the fact that all such licenses expire December 31, 1903, and must be promptly renewed to avoid possible legal complications. The January number of the MONTHLY BUL-

LETIN will contain a list of all persons who have complied with the oleomargarine laws of Pennsylvania, for the new year. The list will include all licenses granted and issued by the Dairy and Food Commissioner to January 15th, inclusive.

The Commissioner also has in course of preparation for publication in the January issue, the chemists' reports of analyses of various samples of malt liquors and soft drinks which were collected by the Special Agents of the Division during the recent examination into the character of the beverages sold in Pennsylvania.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the Dairy and Food Laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities.

Special attention is invited to the fact that all such licenses expired December 31, 1903, and must be promptly renewed to avoid

possible legal complications. This number of the MONTHLY BULLETIN also contains a list of all persons who have complied with the oleomargarine and renovated butter laws of Pennsylvania, for the new year. The list includes all licenses granted and issued by the Dairy and Food Commissioner from January 1 to January 15, 1904, inclusive.

The attention of those interested is called to the supplement contained in this number of the BULLETIN which relates to an analytical examination made of beer, ale, porter and soft drinks.

PART IV.

SUPPLEMENTARY.

SUPPLEMENTARY.

HARRISBURG, PA., *February 10, 1904.*

The Dairy and Food Commissioner, in conformity with the Pure Food Laws and certain acts of Assembly relating to the manufacture and sale of malt and vinous beverages and soft drinks, has commenced an examination into the quality and purity of such drinks that are being sold throughout this Commonwealth.

This preliminary investigation revealed the fact that a considerable proportion of the beer, ale and soft drinks that were being sold contained harmful drugs, used as preservatives, while others were colored with coal-tar and other dyes, in order to make them appear more attractive to the consumer, or to disguise their inferiority.

The Commissioner begs leave to present the accompanying reports of the chemists, who analyzed the samples of beer, etc., represented in the following tables. These analyses might very properly be classed as only partial investigations, since they did not include any tests excepting those made for preservatives and coloring materials, some of which are doubtlessly injurious.

The investigation now in progress also included the collection and analyses of a large number of samples of brandies, wines, cordials, whiskey and other alcoholic drinks. The reports received resulted in the prosecution of a large number of manufacturers, dealers, hotelkeepers, druggists and saloon-keepers, because of the too common use of preservatives and other illegal adulterants. A bulletin devoted entirely to this important and interesting investigation will be prepared and issued for public information at a future date.

Very respectfully,

B. H. WARREN, M. D.,
Commissioner.

The following correspondence between Dr. B. H. Warren, Dairy and Food Commissioner, and Hon. John C. Bell, District Attorney, shows clearly the status of the lager beer cases in Philadelphia.

These letters and other data on succeeding pages explain details so conclusively that it can readily be learned in which cases the fines have been paid, or those which are pending in the courts.

603 West End Trust Building,
Philadelphia, Pa., December 30, 1903.

My Dear Sir:

In August and October, 1903, prosecutions were begun against Messrs. Carl Lampe, Dennis McGowan, Jas. F. Shannon, William Wallace, Charles W. Soulas and John F. Betz & Sons, for the alleged sale of beer reported by our chemists to be adulterated. Early in December of this year, true bills were found against these defendants, with the exception of John F. Betz & Sons, whose case, as I am informed has not thus far been presented to the grand jury.

It is the wish of this Department that these cases should be tried as promptly as possible. Will you kindly let me know when they will appear on the list, so we may make our preparations to have the evidence ready and may, if necessary, have attorneys present who can aid you with their knowledge of the cases and possibly suggestions?

These cases have, in the past few months, been the cause of several unpleasant editorials in certain newspapers. By having them speedily disposed of by the court, we can avoid a repetition of such unjust criticism.

Very truly yours,
(Signed.) B. H. WARREN, M. D.,
Commissioner.

To Hon. John C. Bell, District Attorney, Philadelphia.

District Attorney's Office,
Philadelphia, January 15, 1904.

Dr. B. H. Warren, Commissioner,
Dept. Agriculture, Dairy and Food Division, Harrisburg, Pa.:

Dear Sir: I have your favor of the 30th ult., requesting a speedy trial of the cases of Commonwealth vs. Carl Lampe, Dennis McGowan, James F. Shannon, William Wallace, Charles W. Soulas and John F. Betz & Son, for the alleged sale of beer reported by your chemists to be adulterated. In these cases the indictments were only found by the grand jury at the December term of court, with the exception of the case against John F. Betz & Son, which, though returned by the magistrate, has not yet, I believe, been acted upon by the grand jury.

In reply, I beg to say, that I will put these cases upon the list and try them in due course, as soon as reached. I am obliged to say to you, however, that unless there is some special and urgent

reason requiring an immediate disposition of these cases, I shall not likely be able to try the same for a considerable lapse of time, perhaps several months.

In spite of my best efforts to expedite the disposition of the criminal business, there are now over four thousand untried indictments in this county, and I find it difficult, if not impossible, to keep abreast of the work of the grand jury.

Your cases, therefore, unless there be exceptional reasons as above noted, must await their turn. Regretting the necessity for the delay, I am,

Yours truly,

Signed. JNO. C. BELL,
District Attorney.
